

Dear Rising Fifth Graders,

WELCOME! I am so happy to have you for fifth grade this coming year! We are going to learn so much and have so much fun! Here are math practice activities that you can complete over the summer. Please make sure to remember to practice your fast multiplication and division facts through your 12's. For example, ($5 \times 6 = 30$ and $30 \div 6 = 5$).

Here are some fun websites to practice your math skills over the summer. Have a great time, and I will see you soon!
